Information Technology by the Numbers, 2023

Service tickets closed:	16,413
Customer service rating:	4.93 of 5.0 (455 surveys)
Zoom meetings:	172,243
Zoom minutes:	58,500,000
Large events staffed:	87
Monthly or Ad Hoc Maintenance:	20+
Emergencies/major events:	13
Data safety reviews:	589
Canvas courses:	660
Servers/systems under management:	150+
Storage:	2 PB+
Research computing CPU hours:	31,000,000+

Information Technology Teams

Service desk and field services (ALEX)

- Kresge and 401 Park service desks
- Day-to-day field support
- Computer purchases

Media services and video production (JOHN)

- Audio-visual for classrooms and conference rooms
- Chan studio and technical event management
- Studio and educational video productions
- Zoom support
- Commencement

Academic technology (JOHN)

- Canvas learning management system support
- Course capture

Infrastructure (MATT)

- SPH server/storage infrastructure and disaster recovery
- Networking
- CBAR research computing infrastructure
- FASRC and URC partnerships

Application Development (ALEX)

- SPH Website and Applications
- ECPE Salesforce
- SPH Salesforce
- Wasabi Financial System

Information Security (MATT)

- Server and device security
- Data safety reviews
- Compliance (PCI, AEI, ...)

Robin replacing BookIT for hoteling

- HUIT-supported service that HSPH IT is launching this Spring
- Login is with Harvard Key
- Key benefits includes:
 - a mobile app that works great on iPhone and Android
 - integration with your Outlook calendar
 - integration with Microsoft Teams

Week at a glance

The screenshot displays a meeting management interface. At the top, there is a navigation bar with a logo and menu items: Schedule, Office, People, Analytics, Visits, and Manage. Below this, a secondary navigation bar includes Workweek, My Meetings, and Meeting Rooms. The main content area shows a weekly overview for 'Week of Mar 4'. A location filter is set to 'SPH: 401 Park Drive'. The days are listed from Monday 04 to Saturday 09. Each day card contains a 'Remote' button, a 'Book a desk' button, and a 'Meetings' count. Wednesday 06 is highlighted as 'Today'. Saturday 09 has a note: 'Office is closed on Sat, Mar 9'. The 'Who's In' section for Wednesday 06 shows a person icon and 'MS'.

SPH: 401 Park Drive Today < > Week of Mar 4

Monday 04

- Remote
- Book a desk
- Meetings (9)

Tuesday 05

- Remote
- Book a desk
- Who's In
MS
- Meetings (8)

Wednesday 06 Today

- Remote
- Book a desk
- Who's In
MS
- Meetings (10)

Thursday 07

- Remote
- Book a desk
- Who's In
MS
- Meetings (9)

Friday 08

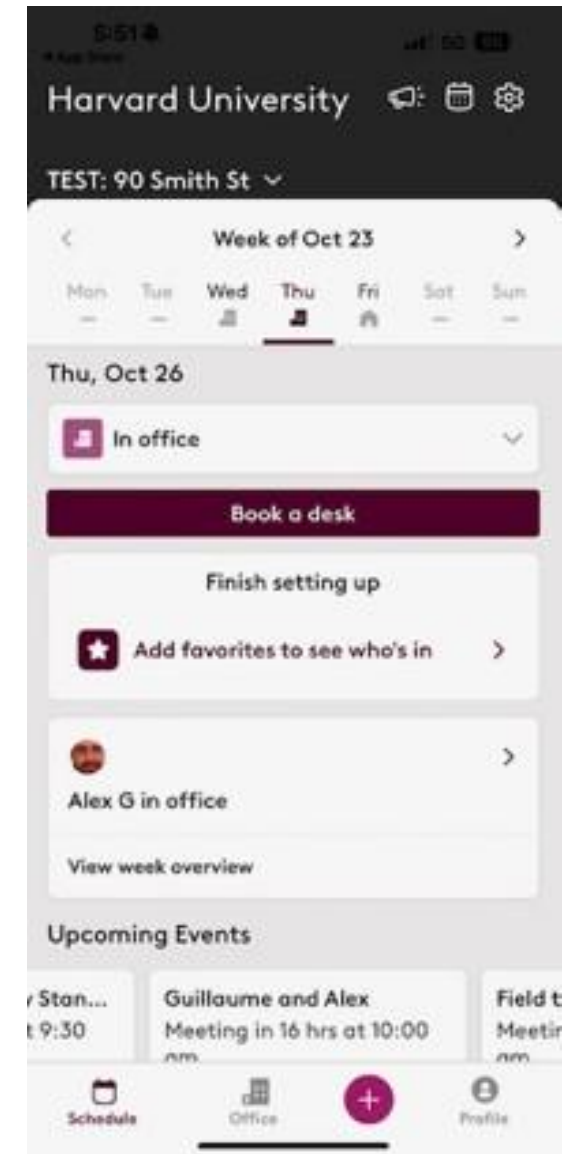

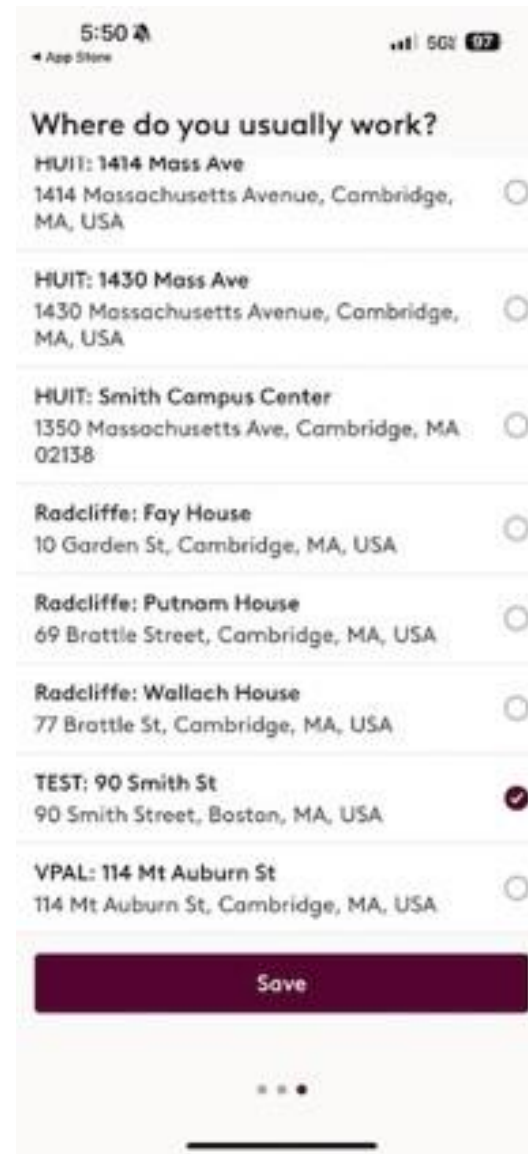

- Remote
- Book a desk
- Meetings (5)

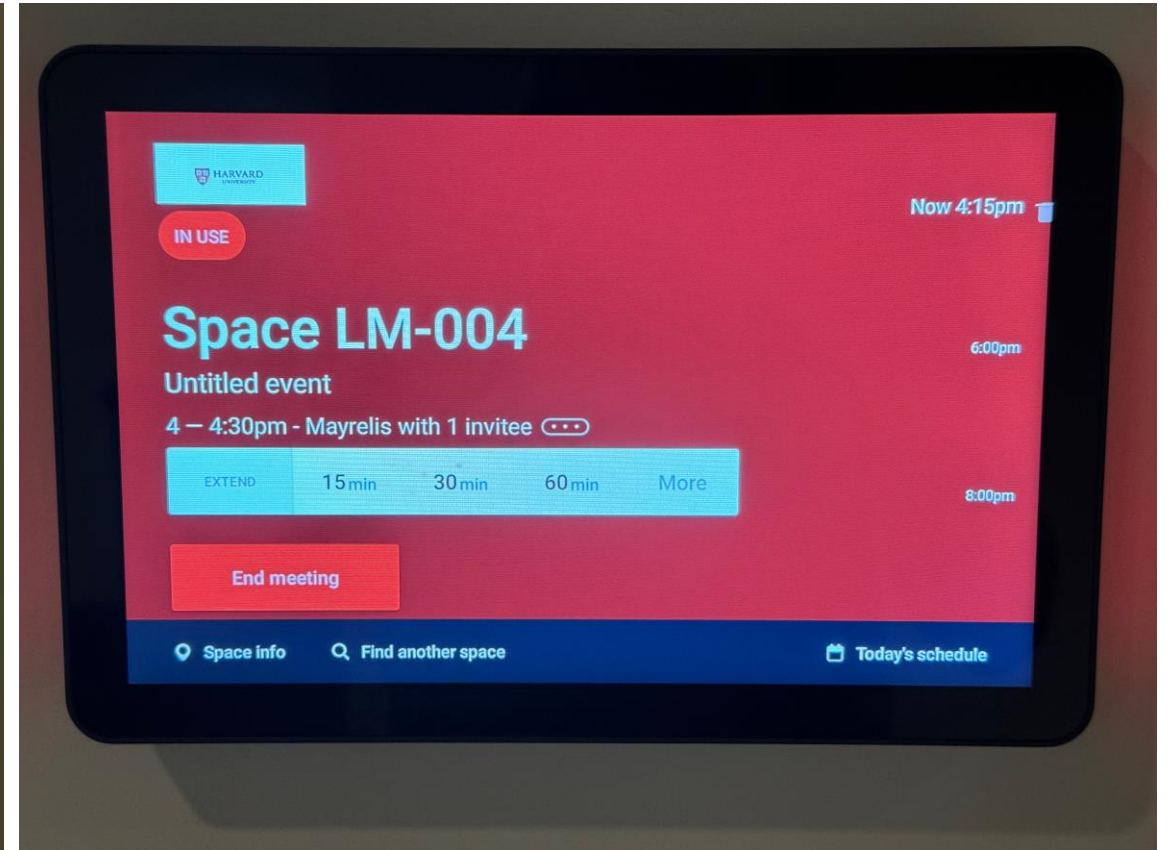

Saturday 09

Office is closed on Sat, Mar 9

Mobile experience

- Ability to set your default location
- Can set defaults for which days you're in the office
- Note the calendar integration under "Upcoming Events"

Outlook conference rooms integration and signage

Crimson Print replacing iPrint

- What is Crimson Print?
 - Crimson Print is a managed printing service that provides a more convenient, secure, and sustainable printing, scanning, and copying experience.
 - All printers can become shared printers
 - Print-release functionality provides security and saves trees!

Why Crimson Print?

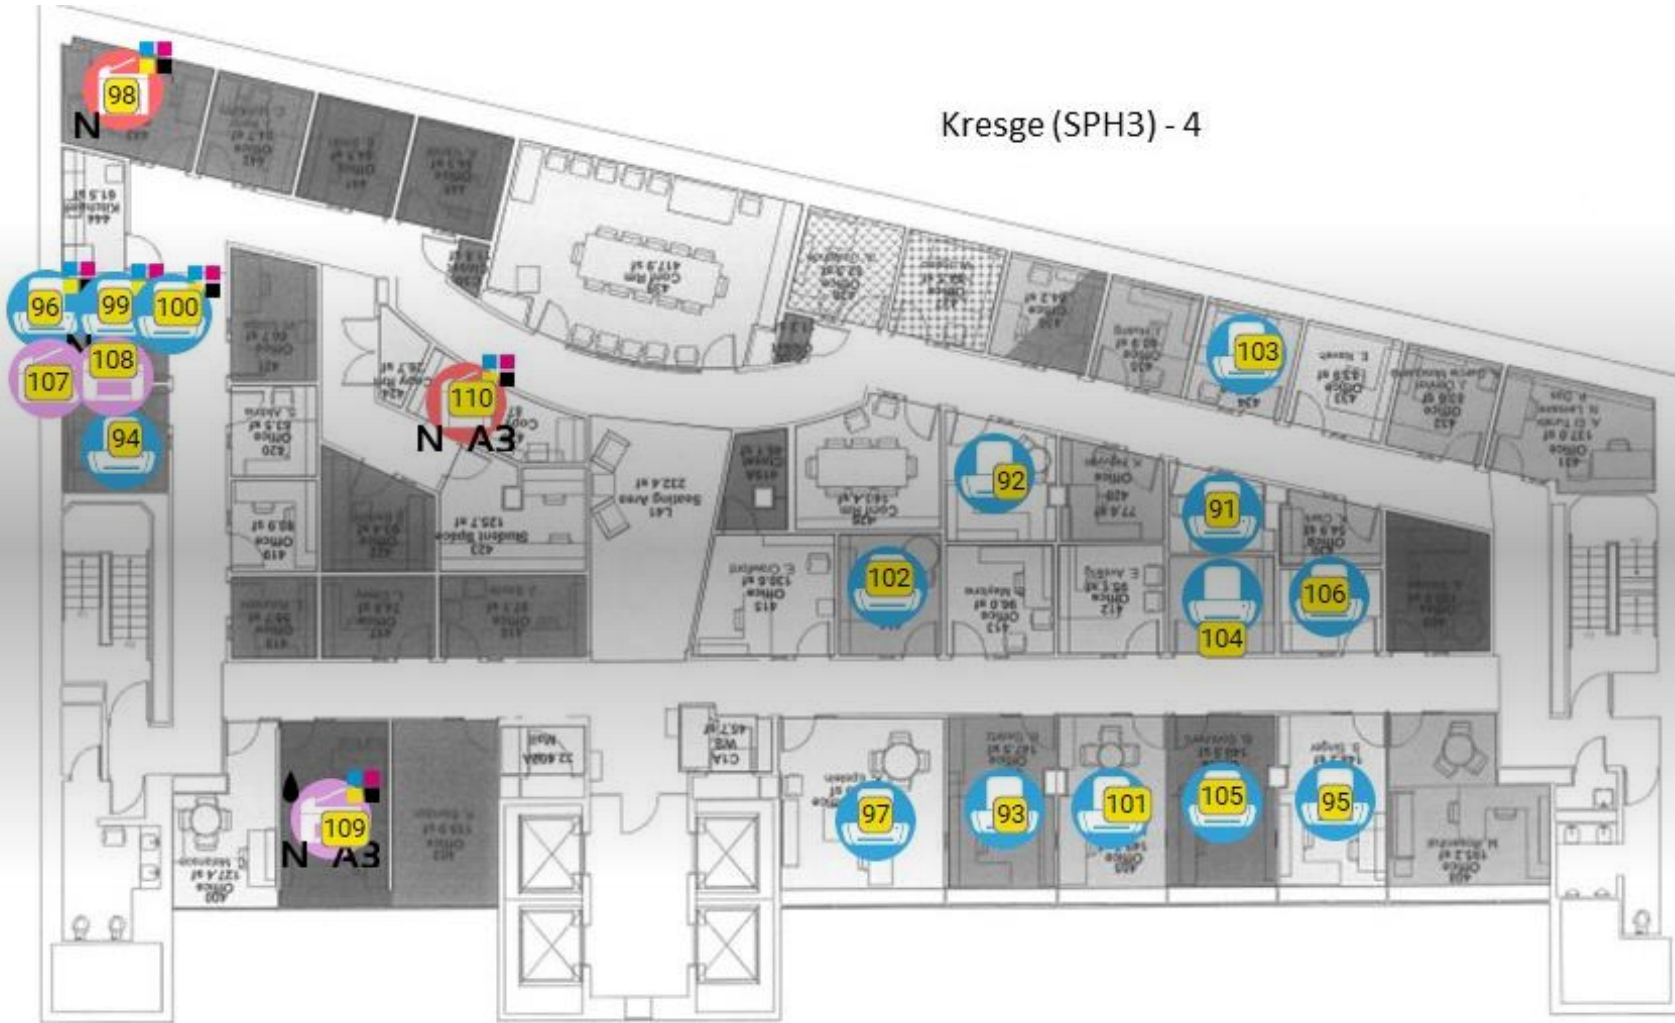

- Hybrid work has impacted the industry with SPH as no exception
- Opportunity to “right-size” the fleet of printers on campus
- We needed to look at our current environment and gather data
 - Printer density on campus
 - Printer usage on campus
- After comparing different solutions (including our current iPrint system and a poor experience with Xerox):
 - Partnered with HUIT and Ricoh on a OneHarvard solution
 - Crimson Print is the optimal solution

Benefits of Crimson Print

- Improved security – sensitive documents can only be released by the owner of the print job
- Department Administrators save time – IT manages leases schoolwide
- Improved metrics and reporting on printing – allows for detailed chargeback model
- Increased operational efficiency brought on by a hybrid workplace – fewer people onsite equals fewer printers deployed across the school
- Reduced waste – jobs printed but never picked up
- Reduced carbon footprint – energy savings

We love maps!

Kresge (SPH3) - 4

“Current State” example:

Ricoh can help us reduce the number of printers needed on each floor of each building

IT Department Objective with Key Results (OKR framework):

“Improve Operational Efficiency across the school”

Networking

Infrastructure Services

WiFi

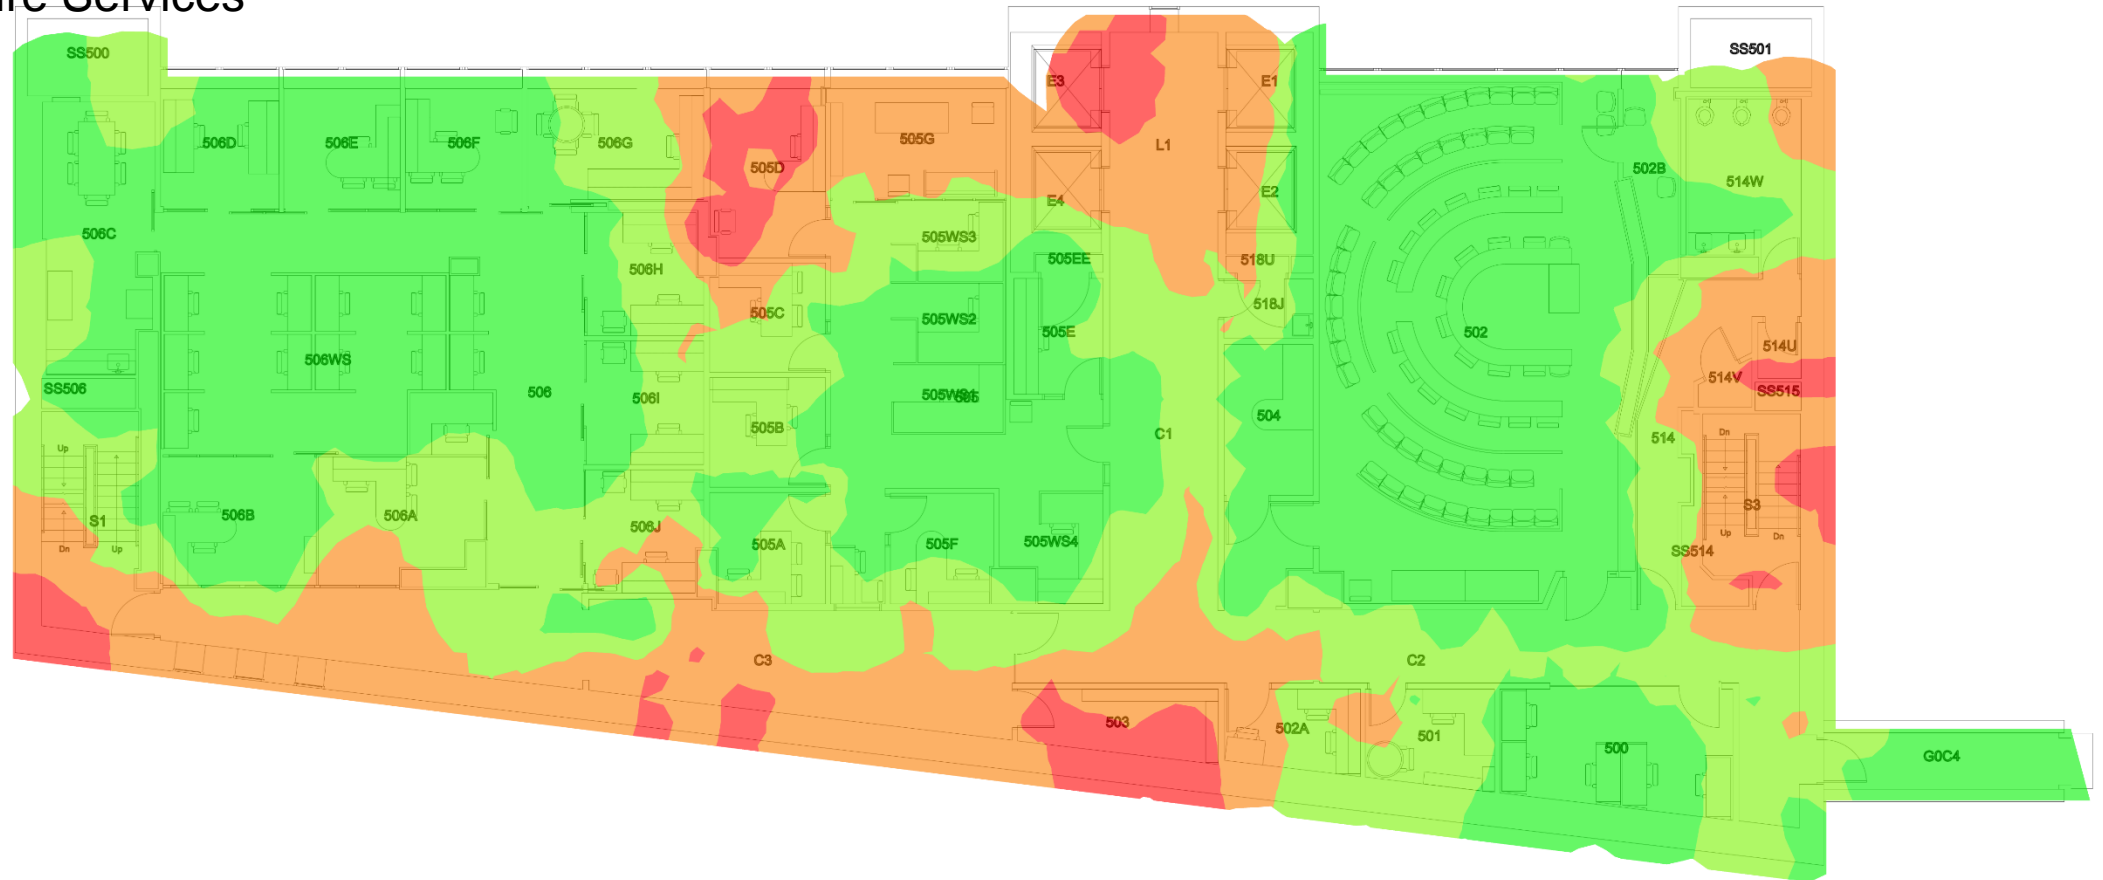

Infrastructure Services

- Cisco Access Points replaced with Aruba access points
- Added 216 additional access points
