HSPH Admin Forum

Updates from the Department of Information Technology

Alex Garcia-Rangel – Associate Director

11/8/23

Agenda

- Annual budget preparations this Fall

- Centralized Printing next year?

- Hoteling/desk space reservation system

- WiFi improvements

Fall Budget Season

- Remember those PC/Mac refreshes for FY25

- Macs continue to remain more expensive than Dells

- Beware the 1-year warranty!
 - This is the Apple default

Centralized Printing

- "Crimson Print" solution coming to students this FY

- HUIT-supported service that is a partnership with Ricoh

- MFD = multi-function device for printing/copying/scanning

- IT would manage all leases and employ a {TBD} chargeback mechanism

- Staff/faculty targeted for FY25

Hoteling

- Desk space reservation system called "Robin"

- HUIT-supported service

- Works on desktop and mobile

- Signage outside conference rooms

- Calendar integration

- 401 Park is initial targeted location

Screenshots of the mobile experience

Improvements for WiFi @ SPH

- There can never be too much WiFi!

  - Actually, there can be…

- Complete site survey performed

- Reports generated with 'cold spots' Additional WiFi access points are actively being installed to improve coverage
